

Here are the activity details for **Self-Study Crowdsourcing Activity 1.1: AI Cancers in Products and Processes [15 minutes]**:

### **Learning Outcome Addressed**

- Describe how AI cancers affect AI applications.

*(Note: This is a self-study activity and does not count toward the completion of the program.)*

---

### **Introduction**

AI design can be affected by various AI cancers in unpredictable ways. In this crowdsourcing activity, you will share the experiences of others who have used AI and experienced the downsides.

---

### **Tasks**

1. **Research & Find Media Source:** Research and find an article, podcast, video, or other media about an AI cancer identified within AI technologies.
  2. **Write Discussion Post:** In your post, write 100–150 words addressing the following:
    - Describe how your selected product or process integrates AI.
    - Identify the type of AI cancer that the article describes.
    - Discuss how you'd prevent or mitigate the effects of AI cancer in your selected product or process.
  3. **Peer Interaction:** Read the statements posted by your peers. Feel free to respond to your peers with thoughtful comments and questions to deepen the discussion.
- 

### **Submission Instructions**

- **Suggested Word Count:** 100–150 words
- **Average Completion Time:** 15 minutes
